Limited visitation restrictions in place at Green Bay Health Centre in Springdale

Central Health wishes to advise that **limited visitation** restrictions are in place, effective immediately, at Green Bay Health Centre in Springdale due to the presence of Influenza-like illness.

Limited visitation means that the following regulations will be strictly enforced:

- No children under 14 years of age
- One visitors per resident at a time
- Visitor must be a member of the resident's immediate family.

The needs of residents are being met through on-going care from staff. Family members who have any questions should contact Green Bay Health Centre at (709) 673-3911 and ask to talk with the nurse in charge.

Central Health apologizes for the late hour of this media advisory; however, the decision to institute this restriction was made at approximately 2:45 p.m. this afternoon. The public's cooperation is requested as we implement these precautions to prevent the further spread of this virus.
