January 15, 2010

Main entrance of Central Newfoundland Regional Health Centre closed for renovations

Central Health would like to inform the public that, effective January 18, 2010, 8:00 a.m., the main lobby and front entrance of CNRHC is closed to the public while undergoing renovations. During the closure, the public can enter the hospital through the emergency entrance, which is to the right of the main entrance and is wheelchair accessible. The public can also use the doctor's entrance, which is to the left of the main entrance however, this entrance is not wheelchair accessible.

Central Health wishes to thank the public for their cooperation and patience as we implement these changes to improve accessibility to client services.
